JOB RECORD

Aixsponza

December 07 – present

Working as an ArtDirector I'm an allround 3d artist and compositor doing mostly TV commercials. Part of my job is to supervise freelancers and to communicate with clients.

PICTORION das werk

April 06 – August 06

At PICTORION das werk I did jobs for Wrigley's, Johnson & Johnson, Ritter and various other clients from the advertisement industry using mainly Softimage XSI and Fusion. I was working in all areas of 3d except Character Modelling & Animation. Some compositing was also part of my job.

Freelance

February 05 – April 06

Freelance work for Animationsfabrik (Crowd-Simulations) as well as other clients such as Siemens or DextroEnergy using 3ds Max and Cinema4d. Architectural visualization of a baseball stadium for a local baseball club.

Animationsfabrik

September 04 – February 05

Crowd Simulations and keyframe animation for "Der kleine Eisbär 2 – Die geheimnisvolle Insel" feature film. I was using the crowd tool that comes with 3ds Max's Character Studio for this. Colouring for "Kleiner Hunger" TV commercial.

University of applied sciences Deggendorf / Germany
2002 – 2004

Teaching “Basics of Computergraphics and –animation”.

EDUCATION

Master of 3d Digital Animation

September 2006 – September 2007

University of Hertfordshire / UK

Especially concerned with lighting, shading and animated special effects I focused on the development of digital sets and environments.

Diploma in Mediatechnology with emphasis on Media-Production

September 2001 – March 2006

University of applied sciences Deggendorf / Germany

Very broad studies in the field of media including 3d graphics, editing for film and TV, print- and screen-design, journalism and sound production. My thesis project was an approximately 3 minutes long music video that was mostly done using CGI but also had integrated live action elements.

LANGUAGES

German – mother tongue

English – excellent knowledge (TOEIC score 945 out of 960)

SPECIALITIES

I keep to file naming conventions.
